1899

FRANZ VIEGENER CREATED A COMPANY IN ATTENDORN, GERMANY

In 1899 Franz Viegener Created a company in Attendorn, Germany, manufacturing beer taps forged from brass for their domestic market. Continuing the family business in 1921, Viegener's son founded a new company called FV in Buenos Aires, Argentina, manufacturing brass faucetry. In 1992 the company began selling into the United States and in 2008 they launched a luxury brand of faucets called the Franz Viegener Collection.

1921

FRANCISCO VIEGENER FOUNDED FV IN BUENOS AIRES

Growing and expanding in the last 90 years

FV became one of South America's largest faucet companies. With over 5,000 employees in Argentina as well as Ecuador, the company now sells over half a billion dollars in brass goods.

1935

LEADERSHIP IN THE FAUCET MARKETS BEGINS TO TAKE SHAPE

The Franz Viegener Collection
Continuing to expand, the company creates a new segment to their offering called the Franz Viegener Collection. The new faucets are a high-end, luxury, handcrafted collection that exceeds the standards of excellence for designers and architects worldwide.

1973

A NEW 60,000 SQF INDUSTRIAL PLANT IS BUILT

UNIQUE AND EXCEPTIONAL PRODUCT

To accomplish this goal, the company needed to rethink the process of how they design and build their products. They chose a small group of their finest engineers and designers who developed this unique and exceptional product collection.

1992

THE COMPANY ENTERS THE UNITED STATES MARKET

Begins Distribution

Distribution of the FV faucet brand begins in earnest in North America.

2008 - TODAY

THE NEWLY CREATED FRANZ VIEGENER PREMIUM COLLECTION DEBUTS IN NORTH AMERICA

The company continues to innovate, design, and create a new specification standard for an audience of loyal architects and designers who have come to expect the best from Franz Viegenger.

NEW FINISHES

**Satin Black PVD**

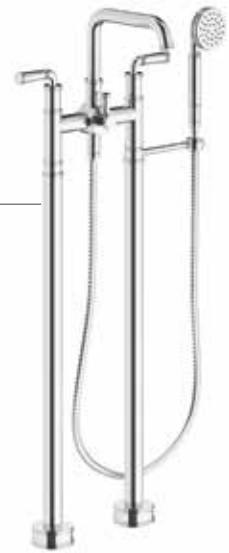

Beautiful and bold, this finish achieves a true black with the resilience provided by PVD. The depth of color makes a statement – refined and timeless. Available throughout all collections.

**Polished Brass PVD**

This rich brass tone, polished for an elegant look that stands the test of time, now comes with the added longevity of PVD. Available throughout all collections.

NEW CLASSIC
FREE-STANDING

NEW - KITCHEN FAUCETS
CLASSIC KITCHEN

The beauty is in the carefully placed design details of this faucet: prioritizing ease of use with a pull-down spout and a toggle spray.

PREP FAUCET

This sleek prep faucet features clean lines and a pull-down spout – the perfect fusion of functionality and understated elegance.

Pages 394 & 395

NEW
COLLECTION HITO

Unique in feel and appearance, this single suite faucet comes with a stone insert available in two options.

Page 13

NEW COLLECTION
CLASSIC FLUTTED HANDLES

The subtle incorporation of the ribbed details on each handle adds both physical and visual texture.

Page 359

NEW - KITCHEN
COMPLEMENTS

This new soap dispenser beautifully complements a traditional or contemporary kitchen aesthetic

Perfect for a modern or industrial-inspired kitchen, this soap dispenser is streamlined and stylish

Pages 395 & 396

NEW COLLECTION
GROOVY

Named for its deep grooves and aesthetically pleasing curves, this faucet is a model of precision engineering and streamlined design. The sleek, inimitable, silhouette pays homage to the iconic deco era, as it re-emerged in the 60's.

COMPLIANCE

Our products that have Water Sense compliance are using water more efficiently so it will conserve supplies for future generations. The WaterSense program offers consumers a simple way to make product choices that use less water, with no sacrifice to quality or product performance.

Our products complies with the Canadian Uniform Plumbing Code (cUPC) certification. This are the designated American and Canadian national standards, respectively. They design these codes to provide consumers with safe and sanitary plumbing systems. Commercial construction projects, as well as many residential construction projects, normally require specified products to be certified. Products with the cUPC mark are in compliance with applicable American and Canadian codes and standards.

Our LeadFree products will use not more than a weighted average of 0.25% lead when used with respect to the wetted surfaces of a pipe, pipe fitting, plumbing fitting, and fixture. The rule also requires not more than 0.2% lead when used with respect to solder and flux. Section 3.5 of NSF/ANSI 61 precludes the use of lead as an intentional additive in wetted materials and components of products, with the exception of brass and bronze meeting the definition of "lead free".

State and Local codes may vary, so please verify the requirements in your area and have a registered, licensed plumbing contractor perform all installations.

JOSEF MOSKOVIC

LEAD DESIGNER, FRANZ VIEGENER

With more than 35 years of experience in the plumbing industry and a minor education in art, Josef Moskovic strategically applies elements of design and technology in the creation of faucet styles that defy industry norms. He likens himself a “product developer with design intuition”, and he’s been working with the team at Franz Viegenger for more than 10 years; turning his napkin and notebook sketches into award-winning designs.

His strength is his ability to push both the mechanical and design aspects of the Franz Viegenger collections. The division in Buenos Aires he heads prides itself on its hand-craftsmanship, rather than mass production. Being 5,600 miles away from the Franz Viegenger factory is sometimes a challenge, and there are some of cultural and social differences, yet nothing has impeded Josef’s ability to design what he has wanted.

Josef’s passion about his work is summed up best in this way; when asked which collection is his favorite – he replied, “That’s like asking a parent which of their children is their favorite!”

In Memorium

JUAN CAVALLERO

COLLABORATOR, FRANZ VIEGENER

Juan Cavallero was born in Argentina and after attending the Fine Arts High School in Brazil, completed his secondary education in Buenos Aires. In 1968, he founded his Studio of Industrial and Graphic Design, Corporate Image, Architecture and Photography; Franz Viegenger has been one of his most important clients ever since.

In 1977 he moved to France and continued studying various design techniques, working in France, Italy, Venezuela, and Brazil, all while continuing his work with Franz Viegenger. Juan received awards and acclaim around the world for his art pieces, many of which are displayed in museums and institutions across Argentina.

He is dearly missed and continually adored by all who knew and worked with him.

FRANZ VIEGENER LIFETIME LIMITED WARRANTY

Franz Viegenger, striving to produce the very best, high quality product offers consumers a lifetime limited warranty on our Franz Viegenger branded products. This warranty is limited to products manufactured by us and branded as Franz Viegenger that were purchased from a Franz Viegenger Authorized Dealer by a consumer in North America after August 1, 2021, and installed according to the installation instructions, subject to the below terms.

WARRANTY

Franz Viegenger warrants to the original consumer purchaser the products to be free from defects in material and workmanship for as long as the original consumer purchaser owns both the product and the home in which the product was originally installed, except that powder coated paint finishes are limited to three (3) years from the date of [purchase]. For commercial purchasers the warranty period applicable to all covered products is three (3) years from the date of purchase. Any applicable implied warranties that cannot be disclaimed are limited to the same duration as the express warranty herein. This warranty is non-transferable.

FRANZ VIEGENER'S RESPONSE

Franz Viegenger, at its option, will replace any product or part of any product that proves to be defective in material and/or workmanship, under normal installations, use, service, and maintenance. If Franz Viegenger is unable to provide a replacement product or part and repair is not practical or cannot be made in a timely fashion, Franz Viegenger may elect to refund the purchase price in exchange for the return of the defective product. REPAIR OR REPLACEMENT (OR, IN LIMITED CIRCUMSTANCES, REFUND OF THE PURCHASE PRICE) AS PROVIDED UNDER THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY OF THE PURCHASER.

WHAT IS NOT COVERED BY THE WARRANTY

The following items are not covered by the terms of this warranty:

- All finishes on drain assemblies.
- Any wood, leather, and other non-metallic components.
- Unlacquered brass and other living finishes.
- Unless prohibited by law, Franz Viegenger products purchased from unauthorized sources. The complexity and control of the open markets with regards to resellers, e-commerce and online trading of secondhand goods force Franz Viegenger to only offer this warranty for products purchased from Franz Viegenger Authorized Dealers as listed on the Franz Viegenger website, www.franzviegener.com.
- Labor and other expenses for disconnection, deinstallation, or return of the product for warranty service, as well as packaging and shipping, or for installation or reinstallation of the product.
- Accessories, connected products and materials, or related products not manufactured by Franz Viegenger.
- Any Franz Viegenger products sold for display purposes.

Franz Viegenger shall not be liable for any damage to the product resulting from reasonable wear and tear, outdoor use, misuse including use of the product for unintentional applications, freezing, excessive water pressure, pipe corrosion and extreme hard water in the home in which its installed, abuse, neglect, improper installation or installations inconsistent

with Franz Viegenger's instructions, maintenance or repair, including the use of abrasive or caustic cleaning agents, ammonia and no-rinse cleaning products.

Necessary maintenance or repairs on Franz Viegenger products can be performed by any company. However, damage caused to products by you or any non-authorized third party may void this warranty.

This is Franz Viegenger's exclusive warranty. TO THE EXTENT ALLOWED BY LAW, FRANZ VIEGENER PROVIDES THIS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED. FRANZ VIEGENER DISCLAIMS ALL LIABILITY FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Some states/provinces do not allow limitations of how long an implied warranty lasts or the exclusion or limitation of such damages, so these limitations and exclusions may not apply to you. This warranty gives the consumer specific legal rights. You may also have other rights that vary from state/province to state/province.

*Non-stock finish – allow 6 to 8 weeks.

**Unlacquered Polished Brass is a living finish, intended to transform with age and use. Yet it may also be restored to their near-original state if desired. It will become richer and more golden in color with exposure to air and touch. It will lose some of its mirror reflective polish and develop a patina that is equally appealing. However, to restore the polished look, simply use a tarnish remover (we recommend the brand Flitz) and a microfiber cloth.

WAFER shower heads made of stainless steel.

PS polished stainless (works with polished chrome and polished nickel).

BS brushed stainless works with brushed nickel).

Note: This set uses the FV247A.BASE 1/2" thermostatic wall valve

FV247A.BASE

Pressure balance valve with diverter - 1/2" rough valve only. Flow rate 7 GPM @ 50 PSI.
1/2" FEM NPT thermostatic wall valve, with integral two port non-sharing diverter and shut-off. Flow rate 5,4 GPM @ 60 PSI.

*Non-stock finish – allow 6 to 8 weeks. - **UPB is a living finish and is therefore excluded from finish warranty.
